Every location is unique and customers needs will differ. While we can provide detailed descriptions of the characteristics of our mats and convertible flooring and where they are commonly placed, we do not recommend mats for particular purposes, nor do we recommend specific location placements. Our customers know their businesses and the people visiting their locations the best and are in a better position to select the mats and their specific location placements.

Vestis™ is here to help your franchise. Our mats help maintain cleanliness and safety for both employees and customers. Choose from carpeted or scraper mats that help trap dirt and moisture at your entrances, beverage stations and freezers. Or place anti-fatigue mats designed to alleviate discomfort in areas where employees are on their feet throughout their shift.

Count on your dedicated Route Sales Representative (RSR) to deliver clean mats and remove soiled carpeted mats for cleaning and inspection at our facility. We take care of your mats, so you have more time to focus on your important work
