

be **Safe**: Slips & Falls

# Preventing Slips & Falls

- ◆ **Never walk past a spill:** Stop, mark with wet floor cone, clean & dry immediately
- ◆ Wipe up spills immediately no matter how small
- ◆ **Be ready for rain or snow:** Use dry mops to clean up moisture tracked into the restaurant
- ◆ Keep sidewalks & parking lots free of ice & snow
- ◆ At a minimum, have enough wet floor signs out for all entrances, beverage stations & inside restrooms to warn customers
