

# The **Safety Smart Autoship**

Now available for Owner/Operators!!!

Now franchise locations can enjoy the same program that all McOpCo restaurants have been using to **prevent injuries, lower costs,** and achieve **100% safety compliance.**

- Program helps ensure restaurants are **always safety compliant**
- Designed by **safety and medical professionals**
- Equipment and program **vettted by over 1,200 locations for 5+ years**
- No fluff—**only required safety items** delivered just in time based on product life
- **Less than \$250 per location/per quarter** for all required PPE and first aid—Including freight!

## WHAT MANAGERS ARE SAYING

It has made safety so easy

one less thing to worry about

Love It!!

Gives me piece of mind to know I am always in compliance

## HOW IT WORKS

**Quarterly Shipments** — Restaurants receive quarterly shipments of a predetermined selection of safety equipment and first aid items.

**Email Review** — A couple of weeks prior to the shipment, an email is sent to the restaurant with a link to their pending order. This link is used to review, add, subtract, or even cancel items. They can also add other sizes/optional items to take advantage of the scheduled shipment.

## WHY IT WORKS

**Proactive vs. Reactive** — “Losses” are called “profits” before the accident. Too many times safety and first aid equipment is only ordered after the accident or inspection.

**Need Based** — Restaurants only receive critical safety items, which are scheduled based on product lifespans. Since some items last longer than others, not every item ships quarterly, which prevents excess stock.

**For more information or to get your locations started contact Front Line Safety at 800-538-4555, or email [SAS@flsafety.com](mailto:SAS@flsafety.com)**

**No Account Set-up Required!** As an owner/operator or McOpCo location you are set-up, approved and ready to order.
